

Youth In Service: Celebration of Service Video

Thanks to the overwhelming support that has enabled this program to grow, we have become aware of some necessary changes to be made for the upcoming year. One of those changes is our Celebration of Service video. A digital slideshow will highlight each individual school's projects and statistics while the video will emphasize the impact on the agencies and communities from an overall perspective. This will limit the amount of footage we can use from schools but will provide a more focused, high impact presentation.

Due to these changes, we will have to be more selective in the footage we do use. We are looking for variety, creativity, and well-organized projects. If you want your school to be included in the video, submit your video-friendly project to us by **October 29th** by filling out the short application.

Of those projects submitted, we will then choose a variety of projects to be filmed by Ray Rush and included in the video. We will notify you shortly after receiving your application to make further arrangements.

The earlier your project is submitted the more likely it will be chosen. Even if the project isn't taking place until later in the school year, if you already know you will be doing it, go ahead and submit a form to make sure your project is considered. **Each school can submit up to 3 applications but only 1 filmed project per school can be included in the video if selected.**

Filming of projects will begin in September but will end March 27, 2011. If you have a project you want to submit, it must take place during this time frame.

It is imperative that if your project is chosen to be filmed, that you notify your main office of the date and time that Ray Rush will be arriving so that they expect him and know what he is there for.

If for any reason the project is cancelled or delayed you must notify us 24 hours in advance by calling the Volunteer Center of Lubbock @ 747-0551.

Youth In Service: Video-Friendly Project Application

School name:

Contact for this project (Name, Phone #, E-mail):

Date and time of project (from beginning to end):

Location of project implementation (Name of facility and physical address):

Group or organization in charge of project:

Agency Served:

Brief description of what the project will include:

Return this form via e-mail or fax (747-8640) to the VCL by **October 29th, 2010**
We will notify you if this project is chosen.

Thank you!
